Career Objective

Motivated MCA graduate with strong knowledge of Python, FastAPI, REST APIs, and database management. Experienced in developing backend applications, integrating databases, and building scalable software solutions. Seeking a Python Developer role to apply programming, problem-solving, and software development skills in a growth-oriented organization.

Education

- **Master of Computer Applications (MCA)**, [GITA Autonomous College (2024-2026)]
| CGPA : 8.6/10
- **Bachelor of Science (B.Sc.)**, [Saraswati Degree College, Neelakanth Nagar (2019-2022)]
| CGPA: 9.1/10
- **Higher Secondary Education (12th)**, [Saraswati Vidya Mandir, Neelakanth Nagar (2017-2019)] | Percentage: 59%

Technical Skills

Languages: **Java, Python, C++**
Frameworks & Libraries: **FastAPI, Flask, Django, Pandas, NumPy**
Frontend: **HTML5, CSS3, JavaScript, React.js**
Backend: **Node.js, Express.js, FastAPI**
Databases: **MySQL, PostgreSQL, MongoDB**
Concepts: **OOPs, Data Structures, DBMS, Software Engineering, Operating System**

Projects

1. Personalized Medical Recommendation System (Python, Machine Learning, Scikit-learn, Pandas, NumPy)

- Developed a Machine Learning-based system to predict diseases based on user symptoms..
- Trained and evaluated models including SVM, Random Forest, KNN, and Gradient Boosting..
- Generated personalized recommendations such as precautions, medications, diet plans, and workouts.
- Performed data preprocessing and model evaluation using Python and Scikit-learn..

2. Online Notes Manager (Node.js, Express, HTML, CSS, JS)

- Built a Notes Management Application using Node.js and Express.js with CRUD functionality.
- Developed RESTful APIs for note creation, updating, and deletion.
- Created a responsive and user-friendly interface using HTML, CSS, and JavaScript.

Internship

1. Shreyas Webmedia Solutions | Frontend Developer Intern

October 2025 – Jan 2026

- Developed responsive web applications using React.js, HTML, CSS, and JavaScript.
- Integrated REST APIs and optimized UI performance for enhanced user experience.
- Collaborated with cross-functional teams to build and maintain scalable web solutions.

2. Sherlock Studio | Backend Developer Intern (GenCare AI Healthcare System)

February 2026 – Present

- Developed REST APIs and backend services using FastAPI and MongoDB.
- Implemented authentication, database integration, and healthcare data workflows.
- Collaborated on scalable AI-powered healthcare application development.

Certifications

- Core Java Programming (SSB Edutech)
- Python Data Structure (Coursera)

Strengths

- Strong problem-solving and debugging skills.
- Quick learner with adaptability to new technologies.
- Effective team collaboration.

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
